ABOUT MYSELF

I'm a young, positive man who loves new discovers and situations. After studying in a classical high school, I moved to the Engineering Faculty, and finally found a Master's programme who could merge the umanistic and scientific aspects. Meanwhile, I never lost my passion for art and emotions, having played piano and saxophone for many years, and faced different musical styles.

EXPERIENCE

Intern

Nexa Center for Internet and Development

📅 March - July 2018   📍 via Boggio 65/D, Torino, Italy

- Planned the construction of a virtual city
- Investigated the Digital Death topic
- Recorded and edited the whole sound part of the project
- Sensitively improved my knowledge on the topic

### Studio Manager

MIDDLA c/o KTH Royal Institute of Technology

📅 January 2021-   📍 Brinellvägen 19, Stockholm, Sweden

Teacher Assistant

KTH Royal Institute of Technology

📅 January 2021-   📍 Brinellvägen 19, Stockholm, Sweden

A DAY OF MY LIFE

Working on projects assingments and thesis
Playing piano and saxophone
Cooking and eating
Socializing and making friends
Resting for best performing when needed

LIFE PHILOSOPHY

"Det finns ingen dåligt väder, bara dåliga kläder"
"There is no bad weather, only bad clothes", Swedish old saying

MOST PROUD OF

🏆 **Courage I had**
to take a life changing decision by moving abroad

💓 **Persistence & Loyalty**
When my life got difficult, in health and mind

📈 **Results improvement**
from a slight C- to a fine B++ in my marks

STRENGTHS

Hard-working   Adaptability   Punctuality
Management and organization
Quick language learning

Practical devices development
Product Management & Marketing
Sound editing and design

C and Java based coding   HTML - CSS - JS
PureData - SuperCollider
Audacity
